All parameters/dimensions provided in the catalogue are given as nominal values, with subject to tolerances in accordance with the technical documentation of the specific item.

Wszystkie parametry zamieszczone w katalogu to wartości nominalne obarczone tolerancją zgodnie z dokumentacją techniczną określonego artykułu.

Trend Glass

Trend Glass, established in 2003, is a premier glassware manufacturer based in Radom, Poland. Although the company was formally founded in 2003, its owners have been connected to the glass industry since the early 1980s. Over nearly two decades, Trend Glass has grown steadily, emerging as a leading manufacturer and distributor of glassware and glass containers. To sustain and enhance our market position, we are committed to continuous, progressive development in both technology and organizational practices.

Trend Glass Sp. z o.o. to radomska huta szkła, która została założona w 2003 roku, ale jej początki oraz związek właścicieli z hutnictwem szkła sięgają wczesnych lat 80-tych XX wieku. W ciągu prawie dwóch dekad nieprzerwanej działalności firma stała się jednym z czołowych i prężnie działających producentów i dystrybutorów szkła gospodarczego, dekoracyjnego oraz użytkowego. Firma stawia na ciągły i dynamiczny rozwój zarówno pod względem technologicznym jak i organizacyjnym.

Sustainability

Recognizing our prominent position within the glass production industry, we regard sustainable development as a core business priority.

Świadomi naszego wpływu i pozycji wśród producentów szkła, wierzymy, że zrównoważony rozwój jest jednym z naszych głównych priorytetów biznesowych.

We are committed to environmental protection on a daily basis, continually adopting advanced practices and technologies to ensure our products are as environmentally friendly as possible.

Na co dzień angażujemy się w ochronę środowiska i wdrażamy w tym celu coraz bardziej zaawansowane praktyki i technologie. Dbamy o to, aby nasze produkty były jak najbardziej przyjazne planecie.

In our commitment to achieving climate neutrality, we have adopted a comprehensive strategy aimed at reducing greenhouse gas emissions.

W dążeniu do neutralności klimatycznej wdrożyliśmy strategię redukcji emisji gazów cieplarnianych.

Kitchen & Bar

Kitchen & Bar is a glassware category for home and the HoReCa industry, encompassing a full range of stylish products, including glasses, carafes, bowls, plates, and storage containers.

Kitchen & Bar to kategoria wyrobów szklanych dla domu i branży HoReCa, obejmująca pełną gamę stylowych produktów, w tym szklanki, karafki, miski, talerze i pojemniki do przechowywania.

Bottles

A beautifully and functionally designed bottle communicates the brand's values and product quality. Its distinctive form enhances shelf presence, attracting attention, evoking specific associations, and ultimately driving sales and fostering customer loyalty. Our bottle selection features designs tailored to a variety of beverages across different market segments, including craft and premium spirits.

Pięknie i funkcjonalnie zaprojektowana butelka komunikuje wartości marki i jakość produktu. Jej charakterystyczna forma przykuwa uwagę i budzi określone skojarzenia, a w efekcie wpływa na sprzedaż i lojalność klientów. W naszej ofercie butelek znajdują się projekty dostosowane do różnych napojów z różnych segmentów rynku, w tym alkoholi premium i rzemieślniczych.
